

## Aplichau Kaifong Primary School

4B Bell Sum

### A Description of my skills

I am Bell Sum. I am nine years old. I am from Hong Kong. I could play computer games when I was four. I couldn't pack my school bag when I was three. I could eat with chopsticks and spoons. I could put on my shoes, brush my teeth, wash my hair and take a shower.

When I started kindergarten, I could use a mouse, surf the internet, download apps and send a text message.

I think I am good at using computers and I think I am good at taking care of myself too.
