## Monsters going to the Earth

Today is a special day for the monster because they were going on their first trip to the Earth. The aliens were excited, they clapped and cheered!

The aliens' teacher told them how to behave on the Earth. In the restaurant, we should eat quietly. At the bus stop, we shouldn't talk loudly. In the cinema, we shouldn't play music loudly. The aliens were not happy and worried because they had to behave well.

At the end, they decided to go back to a planet without rules.
