Monsters going to the Earth

Today is a special day for the monsters because they were going on their first trip to the Earth. The aliens were excited!

The aliens' teacher told them how to behave on the Earth. In the restaurant, we shouldn't eat with our mouth open. At the bus stop, we shouldn't run around. In the cinema, we shouldn't turn on our mobile phone. The aliens were upset and worried because they had to behave well.

At the end, they decided to go back to their planet and stay there forever.
