Letter to Santa Claus

Dear Santa,

How are you? My name is Veronica. I am a thirteen-year-old girl. I live with my parents and little brother in Hong Kong. I have a happy family.

My teachers always tell me that you like children very much. You are kind, helpful and diligent. I am helpful and hardworking too. I always help my mother do the housework because she is very busy. I also help my little brother finish his homework when he has problems. Sometimes my teachers ask me to help my classmates in the lessons. I am clever and hardworking. Therefore, I can get higher marks in this examination. My teachers, my friends and parents always say I am a good girl.

At this Christmas, I want to get a present from you. I also want to get your phone number so that I can talk to you and make friends with you.

I would be grateful if you could write to me.

Love,

Veronica
