3B Charlotte Beatrix Will

My Best Friend

My best friend is Tricky. She sits next to Taylor. She is short and thin. She has a ponytail and a round face.

I like Tricky because she is playful and talkative. She does not play tricks on me. She likes to talk to me at recess time. She likes to play with me when she is free too. We like to make our own games.

She is good at Visual Arts. She can draw really beautiful pictures.

She is also good at singing. She likes singing in her free time. She likes playing the flute.

I think Tricky is a great friend. I am glad she is my classmate!
