My Favourite Family Member

My favourite family member is my sister, Kaylie. She is tall and thin. She has long hair and a small mouth.

Kaylie is also my best friend! We play together all the time. After dinner, we read in the bedroom.

I like Kaylie a lot, but we sometimes fight with each other. We usually fight when we play games because both of us want to win. But every time after we fight, we say sorry to each other.

I like Kaylie because she is funny. She always makes me happy and laugh. She is smart too. I like her a lot!
